

Notes re. Shankara.

I. From T. Subba Row.

1. Shows untrustworthiness of dates assigned by Orientalists.
2. Develops evidence which supports in a general way the date given by the Tibetan and Hindu Initiates, i.e., 510 B.C. or 51 years to mos. after Buddha's Nirvana.
3. Shows that Govinda Yogi, Shankaras Guru, was Patanjali whose Guru in turn was Goudpada.
4. Patanjali's Yoga Sutras composed regarding Hatha Yoga, concerning which form of Yoga Sankara attached no importance.
