

(General notes to supplement outline of "Astral Light")

1. The visible Universe is the Impression of Thought on Akashic Substance.
 - a. Thus everything we experience is part of the universal Akashic Record.
2. All thought sets up a vortex which is filled with living Akashic matter.
 - b. Those who are sensitive may read this record.
3. The Akasha fills a position intermediate between objectivity and pure Subjectivity.
 - a. In its objective aspect it is finite yet immaterial.
 - b. In its Subjective aspect it is Infinite yet Substantive.
 - (1) It thus can never be comprehended within the limits of an external concept.
4. It is Akashic Substance which fills Occult symbols.
 - a. Such symbols are not arbitrary conventions but living realities.
 - (1) One must realize himself as the symbol to attain to its meaning.
 - b. They are records of the process of Becoming itself, not simply of cross-sections or stages in that process.
