Dear Friends:

A few weeks ago I discovered and bought PATHWAYS THROUGH TO SPACE from my friend Mrs. Harbison in Oceano. How much I value this book I cannot express in words but it struck so many familiar cords of my innermost thought-life that I wish to read other writings of Mr. Wolff. If such books are available, please let me have list and prices.

Please mail one copy of PATHWAYS THROUGH SPACE to Mr. Frank McCoy, Santa Maria Inn, Santa Maria, enclosing my card with it.

I am enclosing my check for \$ 3.10 which I believe will cover the postage also.

As I am only one more week working here at Arrowhead, please address all mail to 2972 Wall Avenue, San Bernardino, Cal.

Very sincerely yours

Hans R. Genck
